BARNVALE
DESIGN AND INNOVATION

TECHNICAL SPECIFICATION

Pipe Skid

Light To Medium Range

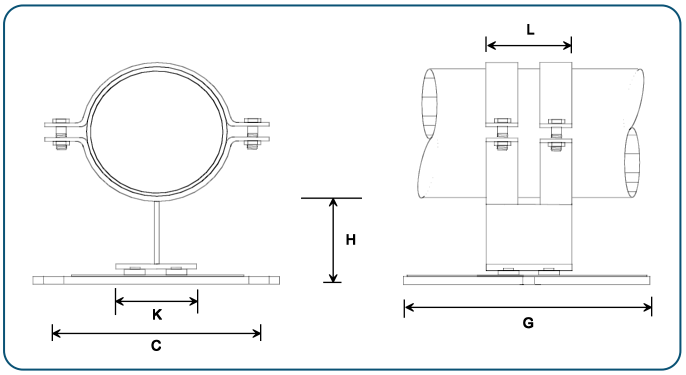

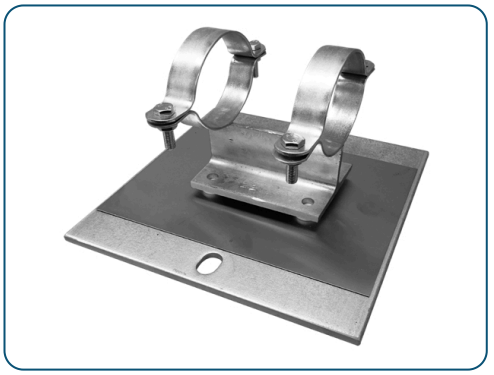

Medium To Heavy Range

The Barnvale pipe skids are used on pipework that requires support at its change of direction, at the same time allowing movement / support in all level planes of direction.

Standard finish is zinc plated, can also be supplied oxide finish and galvanised. If you have a stainless steel system, where the skid would need to be installed directly to the pipework, please call to discuss finish options.

Pipe Skid (Light - Medium Range)

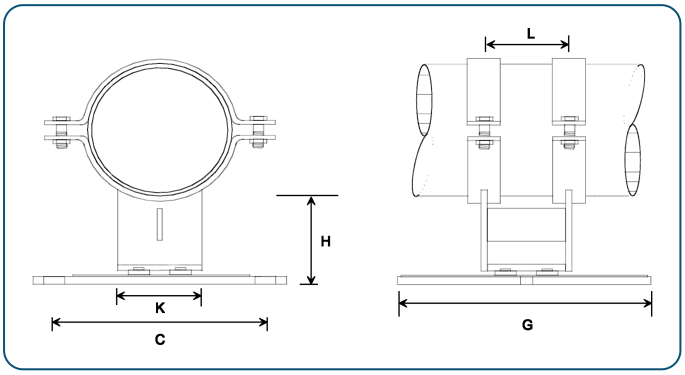

Suitable for pipes up to 150mm nb
Supplied with m12 fixing bolts
Maximum movement 100mm
Standard Finish Zinc Plated

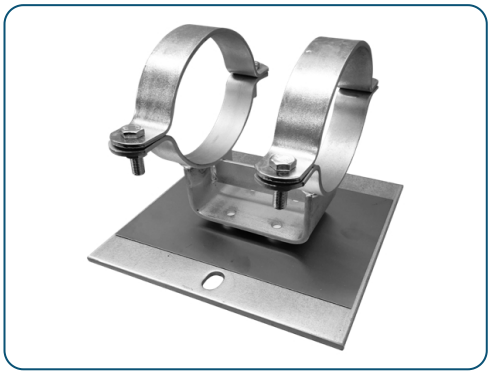

Size	C	K	H	L	G
25 - 150	200	100	125	100	250
